Maybe we can strip it down a bit, as I assume the conversation will be freer flowing. Alexis, happy to wait to comment on your version.

I was told to draft an agenda and to frame the issues but not in a manner that invited debate about undertaking this path forward. More a framing of these are other things we need to deal with as we move forward and how should we best address those.

Yes, very hard to craft agenda if not the ones asking for the meeting and we're all trying to figure out the direction here.

Kathy,

I'm a little unclear on the objective of the meeting so having a hard time commenting. I don't know if Alexis is able to comment.

Kathy, I will be in meetings and unavailable between now and 2. I'm sorry. I can try to take a quick look at 1:45 or so. I won't have time to provide significant comments.

Hi, I'm supposed to get an agenda to John by 3 pm today. (May be a little wiggle room as meeting is now Monday but.....)

Please look at this, especially **Ex. 5 Deliberative Process (DP)**
